Microsoft's New Unified Office Mobile App is Here

Last November, Microsoft took the official wraps off a preview of its new, lightweight unified Office mobile app for iOS and Android. February 19, Microsoft is made this app generally available worldwide to users on those mobile platforms. *Read more*

How do I make SharePoint not look like SharePoint?

That is a question I hear all of the time! With the introduction of Modern Pages, that has become easier to do. As promised, here is Part Two of a two-part blog post to get you thinking about how you might present your intranet information a little differently. If you haven't read Part One, I have posted the link for that, too!

Understanding Security in Teams

I found this article interesting and wanted to pass it on. Sometimes security is difficult to understand within the Microsoft Stack. I know this will take more than one read for me, but hopefully it will bring some clarity. ~ Rob

When you create a O365 Group or Team you get given the option for Privacy, either Public or Private. When an O365 group is created a Modern SharePoint Team site is created, but how is the site affected depending on the privacy?
