**COLLAB365 brings you the latest
information on Microsoft Products and
Services**

The [Collab365 Global Conference 4](#) is December 1-4, 2020, and all sessions are online. The conference will cover a variety of topics on services such as SharePoint, Power Apps, Teams, OneNote, Office 365 and more. Best of all, the live conference is free to attend.

Not only will we be amazing you with our 4-Day event in December, but we will also be warming you up with Turbo Tuesdays! These are perfect if you want to cram as much Microsoft 365 knowledge in as possible.

- One Turbo Tuesday remains! November 10

Can't attend the conference? Right now, you can get an ALL-ACCESS PASS that gives you lifetime access to all sessions and E-Books from GlobalCon4 AND GlobalCon2 for \$83. Don't miss out on this great training opportunity! Price increases on October 26. Click here for a [free live conference ticket](#) or here for the [All-Access Pass](#).

250 million reasons to build applications on Microsoft 365

You might have heard of Microsoft Teams, Outlook or SharePoint. But did you know that next to being some of the most popular applications from Microsoft, they are a part of a highly extensible development platform with a rich partner ecosystem? [Read more](#)

Remote working: Why we feel more burned out now than we did in the office

M365 Message Center and Planner

I want to highlight a feature that Microsoft added to the M365 Admin Center, specifically to Message Center, and highlight why it's important for folks – NOT just administrators – to be aware of. [Read more](#)

Cloud computing will power pandemic recovery in 2021

In 2021, cloud will power how companies adapt to the "new, unstable normal." No one knows how far into 2021 we'll continue to work from home, shop primarily online, or avoid air travel -- but it's clear that every enterprise must become more agile, responsive and adaptive than ever before.
